Fresh style and proven performance in one dialed-in package—that's the NXT22. SurfStar and ample ballast mean you get clean, consistent waves, with no guesswork required. Inside, there's space for the whole crew, upgraded vinyl, and more board storage than anything else in its class. Standard RGB lighting, keyless entry, and SoundStage audio bring modern comfort and tech, while new design details like pleated upholstery and powder-coated towers make a bold first impression. Easy to own, even easier to love, the NXT22 is built to make every day on the water count.
