The XStar 25 brings all the signature performance, luxury, and style of the XStar lineup—and scales it up. At 25'7" with 4,050 pounds of ballast and 640 horsepower standard, this flagship pulls harder, rides smoother, and makes more room for everyone to live large. From pro-level wakes and waves to fine-tuned finishes and forward-thinking tech, the XStar 25 isn't just the biggest boat in the lineup—it's the boldest.
