The 200 brings along all the nuances of design and instances of effortless performance once thought possible only in far larger boats. A 20 foot boat that encompasses style, performance and comfort, the Cobalt 200 not only has sweet, sweet looks, but also pro vides convenience and function with every turn. Step aboard and notice maximized interior space – we call it Free Space Reclama tion (FSR). And free space it becomes when you are out on the water with friends and family. With walk-about, lay-about, stow away spaciousness at every turn, the 200 creates its own sort of simple luxury. From the standard digital instrumentation to the wraparound bow to the 89" wide cockpit with the port chaise lounge or convertible S style seating option, the 200 adapts at a touch from tanning salon to a safe, secure seating environment. The sculpted hull speaks for itself, while the long, purposeful lines sweep and flow to catch a perfect light, the 200's a profile classic in every subtle detail
